BUSINESS SOLUTIONS AT YOUR FINGERTIPS

The Enterprise Resource Planning (ERP) solution from Konica Minolta is a total cloud-based, web system built with the latest, DATA-DRIVEN, innovative technology to meet all clients' requirements in a single solution platform.

This ERP solution facilitates the growth potential of businesses by integrating all facets of operations from sales and marketing, product planning, development and manufacturing. Designed to be fully modular and user-friendly, businesses can adopt the system right from the start or integrate it seamlessly into their current system within a short time frame.

The platform is entirely customisable to fit all business needs and operations, making it one of the most affordable user-centric system in the market today and the future.

① BUILD WITH THE LATEST INNOVATION

With state-of-the-art technology, it comes with various data centric modular applications to streamline day-to-day business operations

② USER-FRIENDLY ON A TRUE CLOUD BASE SYSTEM

Real-time and seamless online accessibility from any device and on all browser types with the highest cyber security protection

③ PRODUCTIVITY MEETS COST-EFFECTIVE

All-in-one, value-for-money ERP platform designed to improve company growth and productivity

④ BUSINESS ANALYTICS ADVANTAGE

Predictive insights for accurate and timely business decisions and to identify new opportunities in a single click

⑤ QUICK DEPLOYMENT AND ROLL OUT

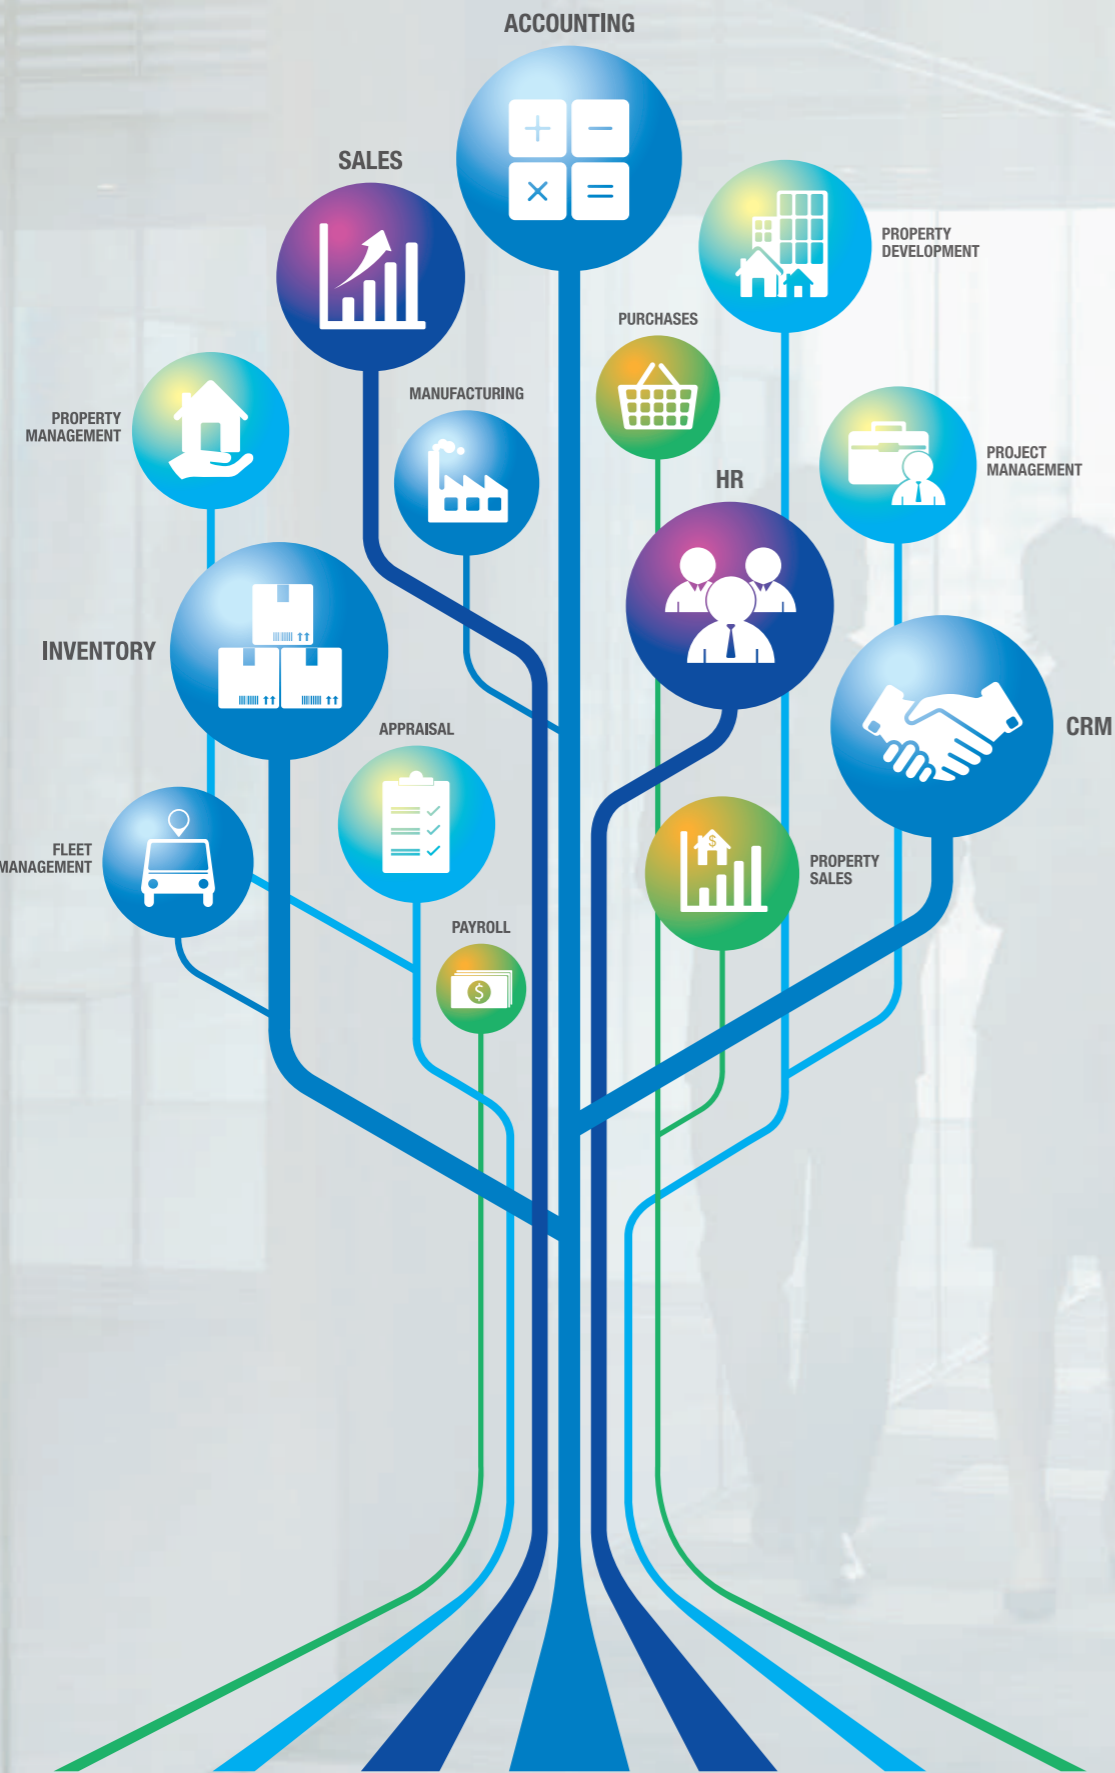

Hassle-free and fast implementation from start to end

⑥ FUTURE EXPANSION AND SCALABILITY

Ease of data migration and integration within client's existing infrastructure to best fit ongoing business demands

⑦ ROUND THE CLOCK ASSISTANCE

24/7 fast-handling, professional team support

AND MANY MORE MODULES TO BRANCH OUT WITH YOUR BUSINESS GROWTH

⑧ FULLY CUSTOMISABLE AND MODULAR DESIGN

Over 1,000 functional modules to choose from for the best solution tailored to your business needs
